

# Velveto

**VELVETO -  
A NEW PROGRESSIVE LENS  
DESIGN FEATURING  
EXCEPTIONALLY SOFT  
TRANSITIONS BETWEEN  
VIEWING ZONES**

IOT company, founder of BOD progressive designs created the Velveto design specifically for the BOD laboratory, according to the needs of our clients

**Velveto**

# Velveto

- Especially soft design for faster adaptation
- Personalised progressive lenses
- High-end daily progressive lenses
- Medium and reading zones are wider
- Distance zone remains the same
- Soft transition between zones
- Particularly useful for patients, who have not adapted yet or soft design wearers
- MFH from 14 to 18 mm.
- Design improved by Smart Add and Digital Ray-Path technologies
